PROFESSIONAL SUMMARY

Data Scientist with 3.5 years of experience specializing in Machine Learning, Natural Language Processing, and statistical data modeling.

TECHNICAL SKILLS

Python, Machine Learning, Deep Learning, NLP, Natural Language Processing, PyTorch, Pandas, NumPy, SQL, MySQL, Git, Data Analysis, Data Visualization

WORK EXPERIENCE

• Data Scientist (2022 - Present) at InsightAI Labs: Implemented NLP pipelines and deep learning models with PyTorch. Optimized SQL queries for large-scale data retrieval.

• Junior Data Analyst (2020 - 2022) at Quant Analytics: Performed exploratory data analysis with Pandas and Matplotlib.

EDUCATION

• M.Tech in Data Science (2018 - 2020), Indian Institute of Technology.

• B.E. in Information Technology (2014 - 2018).

KEY PROJECTS

• Customer Sentiment Classifier: Built an NLP text analysis tool with 92% accuracy.

• Automated Sales Forecasting: Developed machine learning regression models in Python.

CERTIFICATIONS

TensorFlow Developer Certificate, Advanced SQL for Data Scientists.
